# Vier foto's per dia

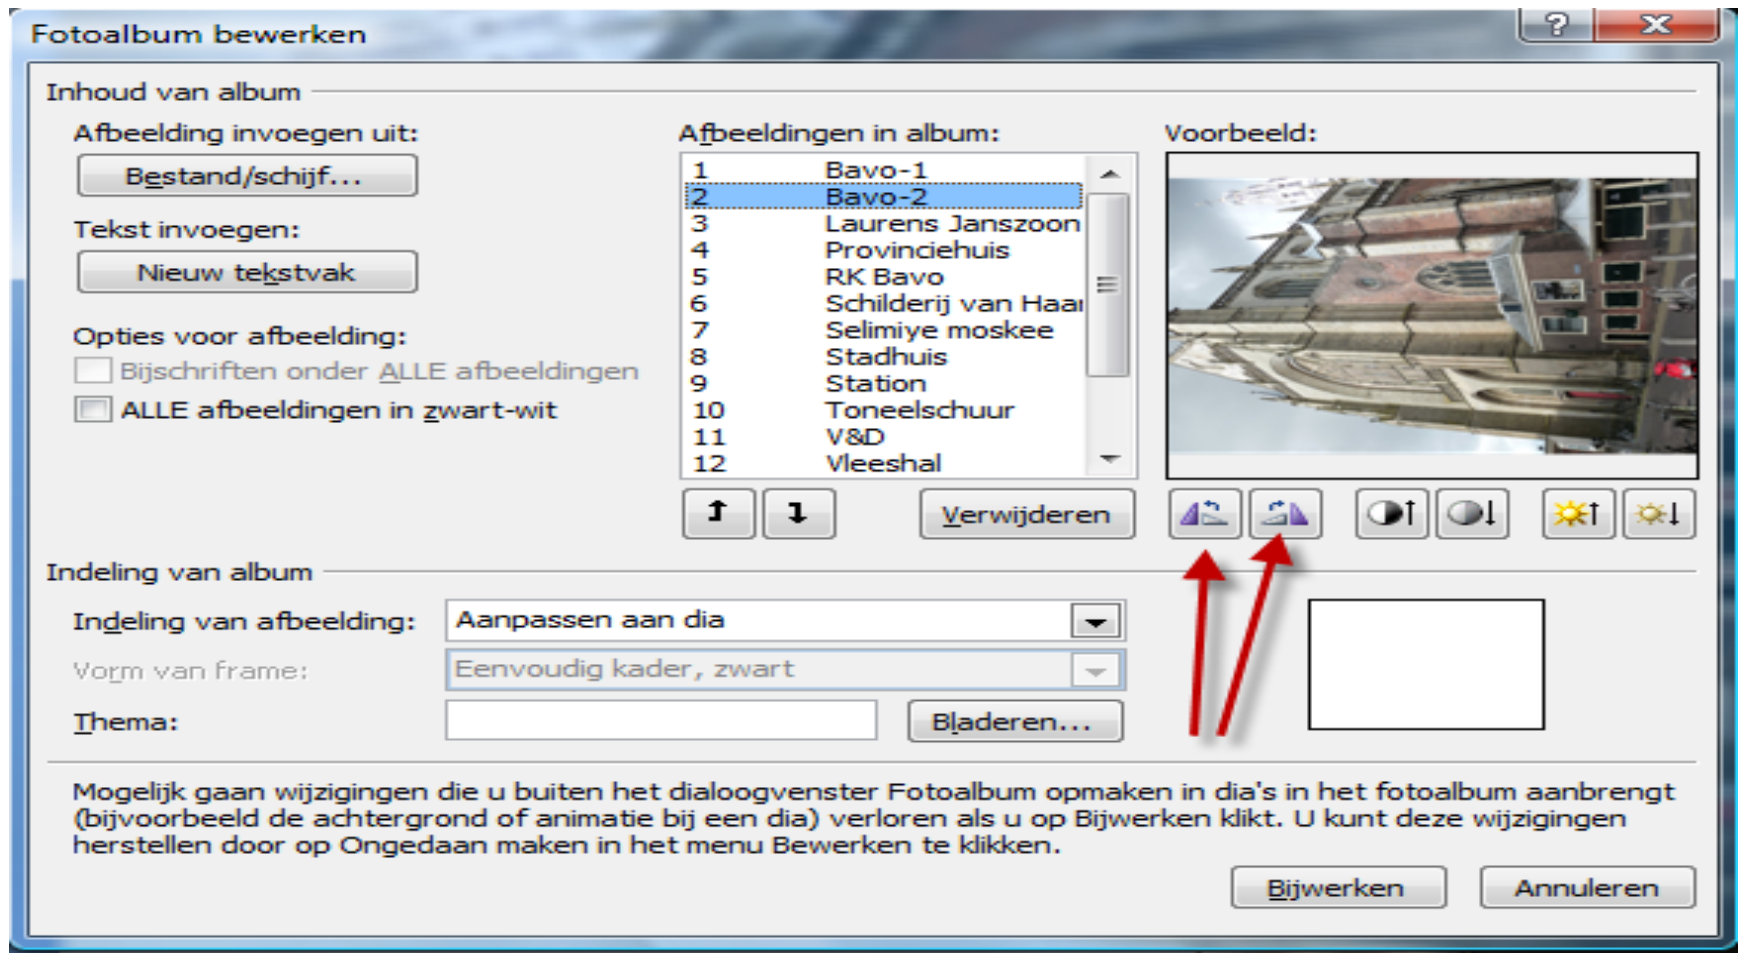

The image shows a screenshot of the Microsoft PowerPoint 2007 interface. The title bar reads "Presentatie2 - Microsoft PowerPoint". The ribbon includes tabs for "Start", "Invoegen", "Ontwerpen", "Animaties", "Diavoorstelling", "Controleren", "Beeld", "Invoegtoepassingen", and "Acrobat". The "Invoegen" tab is active, showing options like "Tabel", "Afbeelding", "Illustraties", "Fotoalbum", "Vormen", "SmartArt", "Diagram", "Hyperlink", "Actie", "Tekstvak", "Koptekst en voettekst", "WordArt", "Datum en tijd", "Tekst", "Dianummer", "Symbool", "Object", "Film", "Geluid", and "Mediaclips".

The "Dia's" pane on the left shows a slide titled "Fotoalbum" with a subtitle "Door A van den Hoop". Below the title, there are five thumbnails representing different slides. The second thumbnail is highlighted, indicating it is the current slide.

The main slide area displays a 2x2 grid of four photographs of a large Gothic cathedral. The top-left photo shows the cathedral's facade from a street-level perspective. The top-right photo is a low-angle shot of the cathedral's roof and spire. The bottom-left photo features a green statue in the foreground with the cathedral in the background. The bottom-right photo shows the cathedral's facade from a distance, with a large green lawn in the foreground.

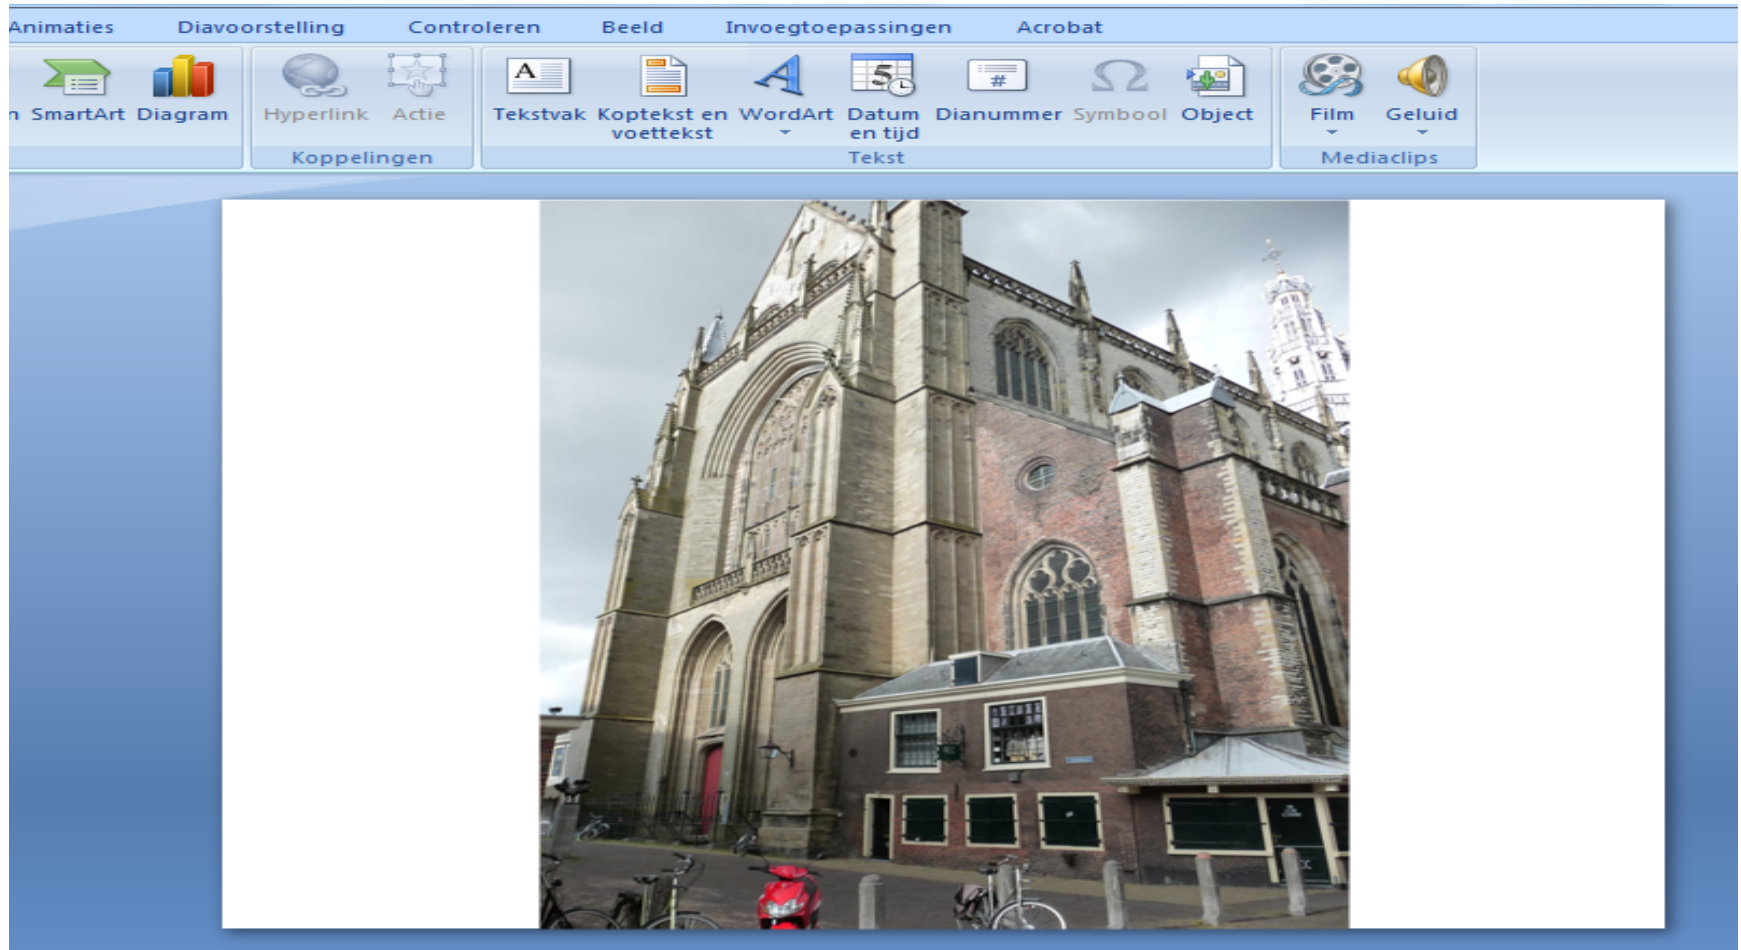

At the bottom of the slide, there is a text box that says "Klik hier om notities toe te voegen". The status bar at the bottom indicates "Dia 2 van 5", "Office-thema", "Nederlands (Nederland)", and a page number "709".
